Hello and welcome to the Summer Reading Program for 2017,
“Build a Better World”!

This year, we are excited to announce a new way for your young learner(s) to become involved in the Summer Program. Not only do we have fun and educational performers and workshops throughout the summer, but we are also introducing reading and community building BINGO cards!

Why no reading logs? Studies have shown that reading logs can actually lead a child to be less enthusiastic about reading — seeing it as a chore instead of something intrinsically interesting and exciting to them. We of course want children to read over the summer and not succumb to “Summer Slide” (where a child loses reading, writing and math skills over the summer), and the activities listed on the BINGO card ensure that your learner is using a variety of skills throughout the summer months.

Rewards are offered for completing one and three rows, as well as the whole BINGO sheet. The prizes given are both fun to do and serve an educational purpose. As summer is a busy time for families, the BINGO card can be turned in any time before *Monday, July 24* to redeem prizes. Each week we will also have performances and other fun events that are free and open to all ages.

We hope you and your family have a great and enriching summer! If you have any questions about the program, please feel free to contact me at ccooper.ncl@gmail.com or (303)-258-1101.

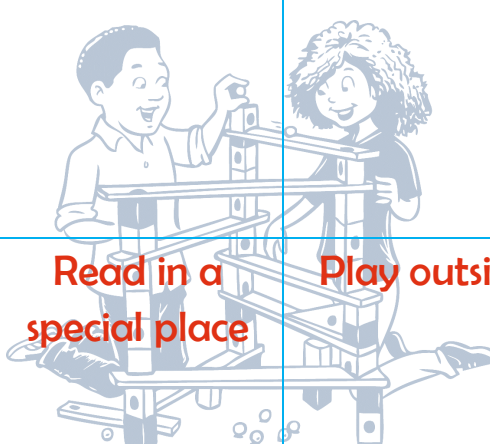

Thanks and happy reading!

Celine Cooper
